# Little Light

by [MiaQc](#)

## Summary

A peculiar and mysterious poem about a small light and a man looking for it.

- A translation of [Petite Lumière](#) by [MiaQc](#)

A little light shine in the night  
A little light fade without a sight  
He looks for it, this little light  
Like an old sprite  
But he can't find  
What is blind  
By the midnight darkness  
So he gets bored and become lifeless.
